Is it possible to get unbanned from hypixel. Is there a way to get unbanned from hypixel. Can i get unbanned from hypixel. Hypixel how to get unbanned.

Very sad. The generator used to give free Hypixel enabled Minecraft accounts, the owner couldn't run the website so they deleted all contacts and turned the website into a scam with no Minecraft account. Date of experience: July 22, 2022 IT WAS LEGIT, A YEARS AGO, BUT NOW ITS SCAM, FUC!K YOU Date of experience: January 16, 2022 Tipic scam, verify you are not a robot to steal your information. Date of experience: December 10, 2021 They told me they had unbanned hypixel account but most of the accounts doesn't even work. Mad service i waited 4 days for my refund. Dont buy from them! Date of experience: November 06, 2021 I had the 'Basic' generator for a month and it wasn't worth it. The alts rarely work on Hypixel and it bugged out saying that I need to be on a VPN to use the free one whilst I was on a VPN, and to make it worse - it still does it without paying for Basic or anything. Date of experience: October 07, 2021 apparently it redirects you to inappropriate websites after stealing your info. Date of experience: August 07, 2021 Every account I tried using in the premium gen was BANNED a big scam don't listen to the other comments they are bots. Date of experience: June 14, 2021 It's ok but their free gen has more accounts than their premium gen so my advice to you is go to alts.rip or use the free gen with alts.pizza. Date of experience: May 25, 2021 None of the generators worked. I tried to open a ticket to cancel my purchase and get a refund, but I apparently "spoke with the support bot" too much and got muted. I am now stuck with a subscription I can't use, and I can't contact the support team to cancel it. The website is awfully designed, and they make you join their discord to cancel your subscription. I would avoid this website at ALL COSTS. Date of experience: April 18, 2021 SushiLeaderpremium generator works for hypixel but their database is small, not going to buy it again after this month. Date of experience: March 19, 2021 It works pretty well some of the accounts are banned from hypixel but a lot of them are not.
